

## About Us

**Country Meat Pvt. Ltd.** is a clean meat company that delivers fresh, naturally raised country chicken, eggs directly to your doorstep.

We work closely with rural farmers, to raise birds the natural way. Our birds are allowed to grow at their own pace, with access to open spaces and natural feed. We process all meat in FSSAI-certified facilities and deliver it within 3-4 hours of slaughter to ensure freshness and safety.

Our goal is to give customers a healthier, tastier, and more trustworthy meat - while also supporting rural livelihoods.

At Country Meat, we don't just sell meat. We deliver clean food from good farms, the right way.

In addition to country chicken and eggs, will soon introduce goat meat, sheep meat, and fresh seafood, continuing our commitment to clean, farm-fresh protein.

We believe good meat should be simple, natural, and honest - just the way it used to be.

### **Vision:**

To be India's most trusted source for naturally raised country chicken and clean meat - delivering unmatched freshness, quality, and honesty from farm to fork.

### **Mission:**

To deliver naturally raised, hygienically processed country chicken and clean meat - fresh from farm to home - while empowering rural farmers and upholding traditional values.

*A company of the meat lovers, for the meat lovers!!*
